**HEALTH, SAFETY & ENVIRONMENT POLICY**

“Zero accident” is our aim”

The management is committed to the health and safety of its employees and for all who are involved in the project. Protection of employees from injury or occupational disease is a major continuing objective. We are committed to continuing improvement toward an accident free workplace through effective administration, education and training. Everyone must be dedicated the continuing objectives of eliminating the “near misses” which will greatly reduce the risk of injuries. Safety measures that the company has knitted into the frame work of functioning take into account perceived risk, practicality, compliance with regulations and recognition of social norms.

We believe in zero accident & maximum productivity and enforce it by educating, constant monitoring & giving full back up to our managerial & down the line engineers, technicians, and other involved in operation.
